This is to inform you that I'm preparing to go to Federal Civil Court against the FBI/DOJ.

I sent you an email 7/31/2013 regarding what happened to me in 1998, it's not complete, during this time I was not aware of it, but hate crimes were committed on me by the people's children who owned the apartment building where I rented. My personal belongings were stolen (which I have itemized) my art was stolen, my hard drive with my art was stolen, my passwords and logins were stolen to my emails, social media and other online accounts including online banking, they were cyberstalking me and hacking my emails and I also suspect they committed computer crimes on my computer using my internet connection, they had the keys to my apartment unit and my logins were sitting on my desk, my sources of income my business that took me 1 1/2 years working 7 days a week to get off the ground was destroyed so that I couldn't pay rent and I'd be evicted, I was finally evicted in 2013 in September, during the eviction court process (it went on for 3 weeks) there was attempted murder on my life by the Plaintiff and the eviction Judge was in collusion with the Plaintiff, he made me responsible and accountable for their actions and broke his agreement with me. The sheriff's down there violated my 6th amendment as well as this eviction court Judge, I never got a fair trial, in order to have that the Judge has to look at the evidence. The 1st Judge was cool, I asked for a trial and he said ok, he didn't violate my 6th amendment. After the 1st Judge said yes I was pulled outside and into the hallway by the bailiff sheriff guy and asked why I wanted a trial? I told them I didn't want to go homeless to be raped and they didn't really get it, they didn't comprehend my answer to their question. There was a bunch of them standing there both male and female and they all wanted to know why I wanted a trial. I personally felt ganged up on and I didn't do anything wrong nor illegal. Asking a Judge for a trial is not against the law. I was told I could go to a shelter, I told them there was no help I already called 611 and again I repeated myself, I didn't want to go homeless to be raped. So my bill of rights/civil rights were violated by these people and that too will be addressed in Federal Civil Court. I should have never been evicted, per the agreement with this Judge on 9/11/2013, I also tried to bring up how my business was destroyed and he wouldn't allow me to bring that up in his courtroom which was relevant, I couldn't pay rent cause the plaintiff destroyed my sources of income and that's why we were in his courtroom to begin with. It was premeditated on the plaintiff's part and there's more than one premeditation on these people's part, I don't know them all as I was prevented from reporting these crimes to the FBI and the LAPD. Which is against the law, it's against the law to prevent a person from reporting crimes.

My life has been destroyed for a 3rd time. I was actually in the process of coming forward to what happened to me in 1998, I was unconscious and the LAPD never gave me the police report, when I called to follow up I was yelled at and all the trauma and pain of my life being destroyed was reinforced by the guy on the phone who was responsible and accountable for giving me the police report the guy that was responsible and accountable for doing the investigation. Nobody within this church would give me any information as to what happened, nobody would talk to me and I was relying on this cop/cops to help me. I believe there were 30-40 ops run on me ie hate crimes, on my website ScientologyForYou.info I figured out the reason/reasons, it was to prevent me from going to court. I had to wait till 2009/2010 for senior church execs to come out and speak out to figure out what happened to me and why/whys and who was involved, again I was unconscious for most of that time and I didn't really understand what was going on nor why/whys, I was not 100% aware, coherent.

After I was evicted in September 2013, I tried to go to the FBI to report these hate crimes but instead I was verbally and emotionally abused over the phone, then I sent a letter to headquarters of the FBI and the DOJ and I received one response. I asked for help in my letters but I received none. I then tried to go to the LAPD, I called to make an appointment to come in with my evidence but instead Detective Hampton, verbally and emotionally abused me as well.

My only alternative at this point is to go to Civil Federal Court, as the taxpayer and I will be representing myself in court as I can't find any attorneys to take my case, not cause I don't have one but I suspect they have no experience in Federal Court. This also includes learning how to type up the documents. I'm also going on disability since my life was utterly destroyed for a 3rd time, I'm left sitting in these crimes with no help from law enforcement, no help from anybody, it's not normal to emotionally and verbally abuse a victim, it's wrong, immoral and corrupt.

I no longer trust the LAPD nor the FBI nor any law enforcement agency to help me based on my interactions with them as the victim of hate crimes and sexual abuse.

I've since gotten all the psych reports, in 1998 I received about 40 pages went I sent away for it, in 2008 I received about 40 pages when I sent away for it, I went into Olive View myself in June of this year I received 240 pages (I was worried that this church's staff would impersonate me and go in there themselves to obtain my medical records, this will be introduced as evidence in my case against the FBI/DOJ, per the psych reports/medical reports I was able to piece together and find out what happened to me in 1998. The LAPD took me in on a 5150 in 1998, I was just waking up from a state of unconsciousness and I was incoherent. I refused to consent to being taken in, I remembered the woman at the hospital while I was in the back seat of the cop car, I told her verbally no, I refused to consent and she got upset, angry and put a pen in my hand with the paperwork and tried to force me to sign it and I still wouldn't consent, I wrote NO on it. At that point the police should have talked to me, directly, made it a safe space for me to communicate but instead I was taken into the hospital where I was fingerprinted and then while I was being xrayed somebody injected me with psych drugs and overdosed me, I'm lucky to be alive the amount of dosage they had, I could have easily died from the overdose, it's on the psych report, from my memories I remember being in the xray department and felt a pain in my arm, it came from behind I never saw who it was, the next thing I knew I was wheeled into the hallway on the gurney where I started to hallucinate (this was for about 1-2 seconds) and then I closed my eyes and when I opened my eyes I was in the psych ward of this hospital wondering how I got there. I never knew what happened to me nor the gap until I got the full psych reports of June of this year. As for 2008, my mother took me in for insomnia, I never consented nor gave them permission to give me psych drugs and my bill of rights/civil rights were violated again. My life was threatened, if I didn't take psych drugs, I kept saying no, she ie the nurse would never let me out, so that one time I took the psych drugs the nurse dispensed. I found out from the full psych report of 2008, they billed medicare for \$8100.00 worth of psych drugs, that was their intent all along, medicare fraud, I've already emailed the Inspector General for that area ie Medicare Fraud. A good thing that came out of the 2008 incident was they gave me tests and in these tests, there was psych drugs in my system. The one time I took psych drugs was days after the test, the tests were done downstairs in the psych ER. I did not have this information in 2008 it was not part of the report they sent me, but on the tests there were psych drugs in my system, how can psych drugs be in my system if I don't do psych drugs? It was the psych drugs they injected me with and overdosed me in 1998 that showed up. I was detoxing, I was on the HCG diet and I was losing weight rapidly about 1/2 pound to 1 pound a week, I had a medical doctor that I was seeing while doing this diet and one of the side effects is insomnia, I told the doctor in the hospital who decided to admit me that I was on the HCG diet, he pulled up my file and cause of the 5150 from 1998 he attributed my mental state to that, he completely negated the facts I told him and admitted me anyway, I found out later after reviewing the 2008 psych records that was his intent to overcharge me for psych drugs or medicare fraud.

I'll be asking the 3 Judges in Federal Civil Court to remove this false 5150 as part of my lawsuit. I believe that others in the future want to use this false 5150 from 1998 to cause me harm and commit more crimes on me including abuse. To them it's oh, you're crazy and nobody is gonna believe you so therefore I can abuse you including emotional abuse, verbal abuse, physical abuse and sexual abuse. It's not ok to falsely label somebody crazy so that they can abuse and commit crimes on them and it's also against the law/laws.

I also believe this false 5150 prevented me from obtaining work, getting a job. In my profession online marketing and promotion including website design, they do background checks including criminals background checks if this false 5150 from 1998 came up, I would have been immediately disqualified for the job I was applying for. So not only did the detectives assigned to my case in 1998 not do their jobs but prevented me going to court, not being able to have a relationship and get married and have children they also prevented me from obtaining work in my field, they prevented me getting a job/jobs. In my line of work, there is no want ads, you have to go thru recruiting agencies and several after applying, I never heard back. They don't tell you why, you just never hear from them again. So what these LAPD cops did besides raping me, they also contributed to destroying my life where it can't be repaired. I will never be able to have children nor a family of my own this life. What they got paid for from their positions of power and authority was to destroy one person of goodwill's life. I'm not a criminal. This is the byproduct of their actions of verbal and emotional abuse and not doing the jobs they were paid to do. I will be asking the Judges to send these men to prison for contributing to the destruction of my life, I'm not the only person whose life they've destroyed by their actions, I'm just the only person strong enough to make the journey to court. These men have no remorse and it was done on purpose, in court all the reasons will be found out. This is not normal but corrupt behavior.

As I was waking up in 1998, there was a psych there, standing over me looking at my vagina and then walking out the door, this happened very fast, maybe 1-3 seconds, and I was just waking up from being overdosed. I got out of bed and went to the bathroom and I could feel pain in my vaginal area, and I freaked out, OMG I was raped, so I did a self examination but there was no vaginal fluids, I had pain but no fluids, I was also dehydrated from being held hostage in my home by Scientology sea org members, Scientology staff members and Scientology parishioners, so that might have had something to do with no vaginal fluids, I don't know. I did not know how to handle this situation as I knew if I tried to tell the staff in there that I was raped, they wouldn't believe me and label me crazy, so I told myself to deal with this, to cope with this, that this did not happen, I did not get raped, well after review of the full psych reports, the 240 pages, I was raped and I was raped by multiple people within Olive View, maybe I wasn't raped by the psych that was looking at my vagina while I was waking up but I was raped while unconscious, overdosed on psych drugs by Olive View Staff and LAPD before I got to the psych ward, it explains why they refused to give me the police report, why I was yelled at, screamed at over the phone, why he yelled and said he wasn't gonna give me the police report and why I was hung up on. It's not normal to follow up on a police report, a police report I paid for and the cop on the other end verbally

and emotionally abusing the victim. He left me sitting in these crimes with no where to turn for help and all the trauma and pain reinforced. You have no idea what I went thru, for the next 3 years of my life, I cried everyday, 3-4 times a day and walked around like a zombie, this was this cop's product, a law abiding responsible taxpayer now a zombie unable to have any relationships with anybody. I felt if I came forward I would be blackmailed due to the video tape/tapes this church's management team have of me naked and unconscious. This is what that detective did by his actions. Left me sitting in hate crimes and sexual abuse and blackmail. He could have helped me but instead decided I was his verbal and emotional punching bag and I have no idea why/whys, I was very nice and polite when I called.

For the next few years I would try to think about what happened to me, to recall it and each time I tried, I'd get flashbacks, sometimes not even thinking about it or trying to recall what happened, I'd get flashbacks, for example I'd be driving on to work on the freeway and bam a flashback, but these flashbacks were not pleasant, they were painful, the flashbacks had force, there was pain connected to the flashbacks. I've since found out, that I got PTSD from this incident. I now have multiple PTSD cause of the hate crimes that destroyed my life for a 3rd time.

As for what happened in my home, I have no idea if I was raped while unconscious by Jon Mackinder, or by other Scientology parishioners, by Scientology Staff and Scientology Sea Org members, I was unconscious and the moments in time that I was awake there was no sexual abuse other than the video taping of me naked which I never gave consent nor permission, so if there was sexual abuse, it happened while I was unconscious. I also had a concussion or multiple concussions from Jon Mackinder hitting me and throwing me around my home two weeks prior to this. He threw me so hard that I went exterior out of my body, I didn't feel a thing and I've never been in a relationship nor was I used to Domestic Violence and Abuse. I also believe that Jon Mackinder while I was unconscious bashed my head in a few times so I wouldn't wake up, I believe that's attempted murder. My neighbors actually called the police, they heard me screaming for help, I really don't know why the police that showed up, allowed these people to leave, why they believed their lies and labeled me crazy, why they didn't arrest these people, these people trashed my home and then blamed me, they could see it was trashed, I was unconscious when they walked in, lying on my love seat sofa, I have no idea how long they were there. I suspect these cops also raped me in Olive View while I was overdosed on psych drugs, I guess they assumed as the victim, nobody would believe me, nobody would help me and I could be blamed for their actions. Rape is not love nor about anything romantic, it's about Power and Control.

As for the domestic violence, domestic abuse, I did not know how to handle nor what to do other than to go to my church for help where I received none, I was made 100% responsible for Jon Mackinder's actions, for him throwing me around in my home and bashing my head against a chair. The bruises on my body, most of them are from this incident and not the other incident two weeks later where I ended up in the psych ward. The police that brought me into the hospital never once asked me about the bruises on my body, they didn't care.

This entire thing is extremely weird and not normal, it took me 17 years to be able to talk about it, to be able to articulate it. I was not able to finish my ScientologyForYou.info website cause of the hate crimes that were committed on me by the children of the people who owned the apartment building where I was renting. 3 months after I was evicted they sold the property and put it into a new trust. About one month after I moved in, in 2009, they flew in from the state of Washington and took over their parents properties and bank accounts and had a POA. I suspect that my personal belongings were stolen like my pink phone that was not working so they could commit more crimes and leave my personal belongings at the scene of those crimes to implicate me and frame me for crimes they committed, so that my life will be destroyed again for a 4th time and I would be deported. Again I tried to report these hate crimes to the FBI and LAPD but both times as the victim I was prevented from doing that. Instead of help I received emotional and verbal abuse which just reinforced all the trauma and pain of the hate crimes and abuse I received from these people where I rented and the hate crimes and sexual abuse from 1998.

I now have multiple PTSD. My mother and her husband in 1998 were not an emotional support system, when I was 8 years old, my mother and father were the victims of hate crimes in Ohio and my father went into the FBI to report them but instead of helping him and our family, they started following him and I believe contributed to the ongoing hate crimes, the tires on their cars were slashed, threatening and harassing phones calls all hours of the day and night, my mother and father lost their jobs and the abuse didn't stop. They decided to leave this country that's how bad it got.

In 1945 when WW2 ended, Nazi war criminals went to work for the FBI, this is a historical fact:  
<http://blogs.reuters.com/great-debate/2013/03/06/the-fbis-shameful-recruitment-of-nazi-war-criminals/>  
[http://www.nytimes.com/2014/10/27/us/in-cold-war-us-spy-agencies-used-1000-nazis.html?\\_r=0](http://www.nytimes.com/2014/10/27/us/in-cold-war-us-spy-agencies-used-1000-nazis.html?_r=0)

Our president stopped their social security payments:

My mother and father were part of the Jewish community in Ohio, the Jewish Federation in Ohio, my mother's side of the family is Jewish, my grandfather, my mother's father survived the Nazi concentration camps only to be murdered by communists in Hungary, his sister my mother's aunt survived the concentration camp too and moved to Ohio. I believe the FBI ran ops on the Jewish community in Ohio and committed hate crimes, it's something they routinely do. My

church was aware of this fact, on all Scientology routing forms it asks if you work for the FBI or CIA or any federal government agency, if you don't you are automatically disqualified from receiving church services. When L. Ron Hubbard was alive, they sent infiltrators into this community to disrupt this community, what they do now with the Muslims they did to the Jewish community, Christian community and the Scientology community. The FBI is under the impressions they are doing good work for the community, this country but it's actually the reverse, they pay people to go in there and have sexual relationships with members of these religious communities and women end up getting pregnant, the byproduct of these FBI ops is children born into broken homes and abuse, they are continuing the cycle of abuse, it's unethical, immoral and corrupt.

To this day the FBI still runs ops on it's taxpayers

<https://theintercept.com/2015/11/19/an-fbi-informant-seduced-eric-mcdavid-into-a-bomb-plot-then-the-government-lied-about-it/>

in the above story, the FBI created the plot, financed it and handed the bomb over, while they sexual manipulated this kid into this, again, this is wrong, immoral and corrupt.

The FBI also murdered MLK jr.

<http://www.cnn.com/2014/11/14/us/fbi-and-mlk/>

<http://time.com/3582004/fbi-letter-hoover-mlk/>

<http://www.thekingcenter.org/sites/default/files/KING%20FAMILY%20TRIAL%20TRANSCRIPT.pdf>

<http://newsone.com/2843790/did-you-know-us-govt-found-guilty-in-conspiracy-to-assassinate-dr-martin-luther-king-jr/>

Martin Luther King Jr. was a good man and the FBI decided he was a threat to this country because he fought against civil rights violations, the same FBI that employed Nazi war criminals after WW2. This corruption continues to this day.

I believe because my father had an accent they decided it was ok to discriminate against him, this was in the 70's, so when hate crimes were committed on me in 1998, they also committed them on my mother and her husband in 1998. It's not normal to reach out for help for hate crimes and instead of helping my father and mother, the FBI joined in and intensified the hate crimes to the point they left this country.

I also believe this church and it's management team ran ops including hate crimes not just on me but also my mother and her husband, to prevent them from going to court as well and I don't know if it was former retired LAPD or current LAPD and I also don't know if the LAPD detectives that refused to give me the police report, refused to do an investigation were also paid by this church.

These things will have to be investigated in Federal Court by the 3 Judges.

My mother and her husband weren't equipped emotionally to handle, to confront the evil of it all nor do I think my mother wanted to go back to that place in Ohio where she almost died. I really don't have anybody to help me and that's an outpoint, huge. There should be something in this country to help, actually help victims of crimes not this, what I've received.

There is no agency that can confront this kind of evil on this level and actually help victims including the FBI/DOJ, below is examples of their current corruption:

<http://www.pogo.org/our-work/reports/2014/hundreds-of-justice-attorneys-violated-standards.html?referrer=https://www.google.com/>

[https://www.grassley.senate.gov/sites/default/files/judiciary/upload/2015-02-24%20CEG%20to%20DOJ%20OIG%20\(FBI%20BADGE%20Settlement%20and%20LOEs\).pdf](https://www.grassley.senate.gov/sites/default/files/judiciary/upload/2015-02-24%20CEG%20to%20DOJ%20OIG%20(FBI%20BADGE%20Settlement%20and%20LOEs).pdf)

I've also sent a letter with evidence to the Inspector General DOJ Civil Rights and Civil Liberties and I've received his response, that too will go into my case against the FBI/DOJ.

[http://www.huffingtonpost.com/entry/departement-of-justice-watchdog\\_55b0ff71e4b0a9b94853cf99](http://www.huffingtonpost.com/entry/departement-of-justice-watchdog_55b0ff71e4b0a9b94853cf99)

<http://www.npr.org/sections/thetwo-way/2015/07/23/425698569/official-watchdog-says-he-needs-access-to-sensitive-documents>

<https://www.washingtonpost.com/news/federal-eye/wp/2015/07/24/justice-dept-watchdog-says-agency-ruling-undermines-his-job/>

These two agencies are both corrupt.

As for the LAPD, there is something wrong here and this is not an isolated incident, I was verbally and emotionally abused in 1998 over the phone when trying to get the police report, and the same thing when trying to report these hate

crimes from 2009-2013, nothing has changed within the LAPD and the FBI, my only conclusion is, there is corruption within the FBI and the LAPD.

Because the LAPD verbally and emotionally abused me, as well as raped me along with Olive View staff, I won't be having children this life, they successfully destroyed that for me this life by the incident of 1998 and left me sitting in it for 17 years. I'm now 49 years old, today is my birthday. When my mother passes away I'll be an orphan, this is what my parents immigrated from a communist country for, so that their only child could be an orphan, no family, no business, no source of income, all her goals and dreams destroyed and traumatized and pain from all these crimes and abuse. My american dream was successfully destroyed by americans.

I have no plans as all my dreams, goals were destroyed by americans. I have no experience in court, I've never been to Federal Court. I have no idea the outcome, but I will ask that 3 Judges be posted to this case to handle the FBI/DOJ's corruption. I have damages and I won't be settling, I will be going to court and obtain my punitive. If the outcome is successful, then that will be another journey after therapy, I need intensive therapy for the multiple PTSD's, but after that I might put a non profit organization, an independent watchdog non profit to help victims of crimes like me and at the same time handle corruption within law enforcement including prison for corrupt law enforcement, it's against the law to prevent a person from reporting crimes and violates the constitution of this country.

As for therapy I don't know how many years it will take as I need special therapy not just intensive for PTSD but I'm also psychic, I have psychic gifts, I've had them ever since I was a child, what I need is good psychs who work with people with psychic ability including PTSD. I'm basically preparing for next life. There is nothing left this life as all my dynamics were destroyed. There is nothing really to look forward to, I'm once again a walking zombie and I can't create art anymore, what I invested in time and money, my main craft, I can no longer due do to these past hate crimes of 2009-2013, all life ceases to exist in me. So what my parents immigrated to this country for was for their only child to go into therapy to prepare for next life cause of the evil committed by americans on her. I'm very glad that everybody connected to what happened to me won't be bypassing eternal damnation nor reincarnating, these evil people all lost their eternities, when they die, one by one their souls will leave their bodies and into this planet their souls will go to be entombed for billions and billions and billions of years and they will never be heard nor seen from again, they will never be able to harm another human being for all eternity.

I'll be doing the investigations for all of this thru Federal Civil Court. By preventing me from reporting all these crimes there was no investigations done, so since nobody wanted to do their jobs, I'll be bypassing the FBI/DOJ and the LAPD thru Federal Civil Court, the Judges will be conducting all the investigations and I'm ok with that. I have a feeling the Judges will find all the lies and crimes etc etc and Justice will some how prevail. I'm also gonna ask the three Judges in addition to my damages and punitive, that everybody involved go to prison, cause only criminals do this to victims and preventing, stopping somebody from reporting crimes is against the law as well as our constitution. I was prevented from Life, Liberty and the pursuit of Happiness.

<http://www.ushistory.org/declaration/document/index.htm>

As for my religion, my religion is about past lives and that includes pre earth, before earth. I've been a cop in my past lives pre earth. Under the circumstance Mr. Beck, I don't think it would be a good idea for you to be involved as you were my father in past lives on the police force and the implant station network, you were a good dad, I think it would be a conflict of interest. I went wholetrack on you, that means I remembered my past lives with you, you I'm sure wouldn't remember cause you're not a Scientologist nor have you had Scientology auditing to help you remember, but I know and it's a conflict of interest for me and I'm gonna continue being me and doing the right thing whether people understand it or not.

As for my religion, what people are trying to do within this church whether they are aware of it or not, whether they can articulate it or not is learn how to bypass eternal damnation and break the cycle of reincarnation. If this is something you are interested in, go to the copyrights office and get copies of my religion and exercise your 1st amendment, freedom to practice religion.

Out of all of this, 1 positive thing came out of this and that is I've successfully crossed the wall of fire, in my home in 1998, this church and it's staff etc etc were forcing me to cross the wall of fire (that's what you have to do to bypass eternal damnation and break the cycle of reincarnation), I suspect for their court cases of Lisa Mcpherson, both criminal and civil, so they would have a logical explanation for court and what was happening to her and why/whys. I believe this church's management team has viewed that video tape/tapes of me naked of this incident more then once for their logical explanation. I never gave consent nor permission for this nor was I ever asked. They just did it. I've contacted Maureen Bolstad on facebook and asked her is she was the person that video taped me on November 25, 2015 at 2:54pm, here's what I wrote to her:

*Dear Maureen,*

*In 1998 I was kept in my home by Scientology Staff, Scientology Sea Org members and Scientology parishioners. During this time I was going in and out of a state of unconsciousness, at one point I woke up for a few seconds and,*

*there was a blond haired woman whose hair was in a pony tail dressed in HGB blues with an over the shoulder camera, and she was video taping me, was that you?*

*If that wasn't you, do you know who/whom that might have been?*

*This sit was labeled by everybody as a type 3 and that was false. I had a concussion from getting beaten up by my ex 2d who was also part of this sit and is on the video tape/tapes as well and I just got the full psych reports, after the police arrived while I was coming out of a state of unconsciousness, I couldn't talk, I was incoherent, they took me into the hospital on a 5150 where I was injected and overdosed without my consent on psych drugs and then raped by Olive View staff and the LAPD. I don't know if I was raped or if there was sexual abuse while I was unconscious in my home in 1998 by Scientologists, any Scientologists, I was unconscious.*

*Any information you can give me would be helpful.*

While viewing these and more online, I remembered during the 1998 incident, I was waking up, I was on my love seat sofa (i had two couches) I woke up for about 1-2 seconds maybe 3 and during that time I saw a woman with blonde hair (I didn't know who she was nor why she was there) video taping me and the camera was over her shoulder and she was kneeling down, I closed my eyes, I was struggling to wake up, when I opened my eyes again, I don't know the time span between then and what I saw next, which was a woman with blonde hair in a pony tail wearing HGB blues walking out my front door, then I went unconscious again, HGB blues is slang for Sea Org uniforms, it's blue pants and light blue shirt and everybody that works in the HGB building has to dress like that:

HGB stands for Hubbard Guaranty Building:

As for Jon Mackinder, I tweeted him directly from my Scientology twitter account I think in 2012 or 2013, I tweeted him my ScientologyForYou.info website and he sent me an email from my website thru my contact me form:

name: Jon MacKinder

email: [jon@jonmackinder.com](mailto:jon@jonmackinder.com)

message: Hi Kathy,

I hope you're doing well.

Can you please replace the text on those pages you published about me to read:

"Jon MacKinder is the sweetest, most-caring guy I have ever met.

Even though we had broken up after dating briefly in 1998, he came back to help me when none of my friends or family would help. And he helped me through a difficult time, putting himself in great danger while doing so."

Thanks!

All the best,

Jon

I also noticed he went on his own website and put up some of the story of what happened:

<http://www.deltatone40.com/jonmackinder/background.html>

I have eveled this and that too will be used as evidence.

Jon Mackinder is also on that video tape/tapes, I have no idea what the camera captured as I was unconscious nor do I know how long she was there for, the woman that video taped it.

Mike Rinder he was head of OSA (Office of Special Affairs for the Church of Scientology) he stated in this interview <https://youtu.be/8ev612oMYTw> that he had purview to every op ie operation that this church ran, meaning he knew of all of the ones that were going on as head of that department. The FBI/DOJ invited him to Federal Court to give his impact statement and when I read that, it caused me pain, it reinforced all the pain and trauma, the FBI/DOJ helped this guy, but me the victim of this guy they prevented, stopped from reporting their crimes. So this is corruption. <http://tonyortega.org/2015/06/25/mike-rinder-and-reporter-man-convicted-of-hacking-was-working-for-scientology/>

What this church's management team started in 1998, I finished in 2009/2010, once my body dies and my soul leaves my body, I'm outta here, I won't be reincarnating to this planet nor will I go to hell for sins but instead I'll be off this planet and moving forward to the Jewish Federation on target 3, so next life, I'll have it all, I'll have a great mom and dad (my father this life will be my father next life) I'll be part of an awesome group the fleet ie the military and I'll be with my wholetrack 2d ie my soulmate and when we retire from the fleet we'll settle down and have our own family. I'll have my happily ever after. Now for you, if you figure out my religion after getting copies and you have questions, this might answer some of them for you, I'll be part of the crew that's setting up the US Federation, you have to enter the Jewish Federation (it's not an automatic even if you are Jewish) and from there the US Federation Fleet will come together. All the children that were abused and murdered in the Nazi concentration camps during WW2 that didn't survive, that's where they went, they didn't reincarnate to planet earth, they headed out and set up the Jewish Federation, it's in another solar system. I found out while crossing the wall of fire in 2009/2010. So while you are dying, you'll have to cross the wall of fire, everybody does, if you don't want to reincarnate and bypass eternal damnation. OT9 and OT10 which won't be released by this church cause they didn't make their targets, is coordinates of other prison planets within the universe, the universe is huge and most people who do bypass eternal damnation and break the cycle of reincarnation will end up on those prison planets though out the galaxy, target 2 listed on my ScientologyForYou.info website, that civilization has already ended, that civilization is gone. I believe David Miscavige and his management team are all manipulative. At one point the founder L.Ron Hubbard was gonna reincarnate back to this planet to continue his game of salvaging the universe, helping others off prison planets throughout the galaxy, but as he continued on with his research he changed his mind and finished his research, the end product of going up a bridge, all the levels is total spiritual freedom, to be able to go anywhere in the universe you wanted and to play any game you want. This has not been communicated to other people for some reason and I believe David Miscavige uses this to control everybody that works for him, so they obey him and listen to him instead of doing the right thing. So what David Miscavige and his management team are doing is leading everybody ie Scientologists within this church to target 2 which was another prison planet and that civilization is already gone. I feel sad for these people, I know I shouldn't but I do, I feel they are being mislead and manipulated.

Anyway, if you get my religion from the copyrights office, the above should help you.

I won't be going to court with the LAPD in a class action lawsuit against this church.

As for my website ScientologyForYou.info, that will stay up until court is completed, this website will be used in my case as it's also evidence. Once court is completed I will be taking it down. If you need it in your own spiritual journey, I suggest you download it and I give you permission to do that to help in your spiritual journey, you can refer back to it to help you.

Sincerely,  
 Kathy Gold
